

Name of the Activity: 5 Days Workshop on Arduino Based Programming

Date: 10th October to 14th Oct 2022

Description:

A workshop on Arduino based programming is an event designed to provide hands-on training and education in the use of Arduino, an open-source microcontroller platform. The workshop typically involves a combination of presentations, demonstrations, and practical exercises, all focused on teaching participants how to program and control hardware using the Arduino platform.

Brochure:

The brochure features a blue background with white text. At the top left, there is an image of an Arduino board connected to a laptop. The main title '5 DAYS WORKSHOP ON ARDUINO PROGRAMMING' is centered in a large, serif font. Below the title, the text 'Keynote Speaker: Asst. Prof. Deepali', 'Venue: Programming Lab', 'Date: 10th oct - 14th oct 2022', and 'Organized by: Department of Computer Science, Guru Nanak College' is listed. At the bottom right, there is an image of a person's hands typing on a laptop keyboard, with several Arduino boards placed around the laptop.

Name of Activity: Five Days workshop on Entrepreneurship Development in Fruits and Vegetable Industry

Date: 10/2/2023 – 15/02/2023

Venue: Food Processing Lab

Organized by: Food Processing Department

Participated by: Students of B. Voc FP

No. of Students: 50

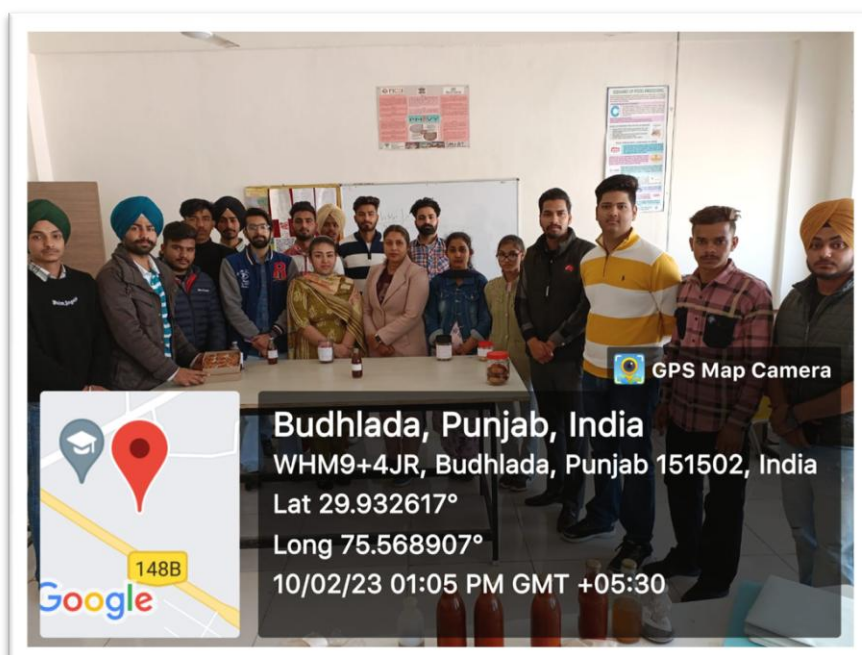

Objective:

- To promote production and consumption of fruits and vegetables so as to promote and improve health and to help prevent non-communicable and other diseases or deficiencies.
- To enhance the business skills of the students and motivate them for start ups in food industries

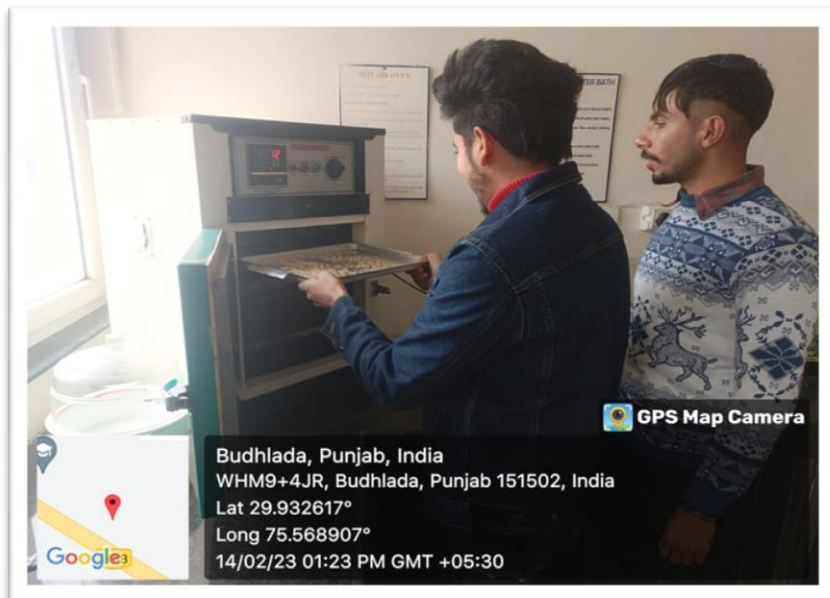

Description of Event: Five Days workshop on Entrepreneurship Development in Fruits and Vegetable industry was organized by the Department of Food Processing on 10th February, 2023 to 15th February, 2023. Students of Food processing Department actively attended this workshop. They got the knowledge about different business opportunities in fruits and vegetables industry. They also attended practical session of processing different food products. They also enhanced their knowledge about different schemes under MSME (Medium Small-Scale Enterprises).

Outcome of Activity: Students get aware about the sustainable and equitable increases in Fruit and vegetable Productivity and Consumption to help prevent diseases or overcome deficiencies. Different Food products were prepared during the workshop that boosted the confidence of the students to start some business in fruit and vegetable processing.

Name of the Activity: Two Days Workshop on Western Music (Western Style Singing)

Date: 4 November, 2022

Description: Two Days Workshop on Western Music (Western Style Singing) was organized in Department of Music which is hosted by kapil Batra on 4 November, 2022. In the Workshop, students learn about the western style singing

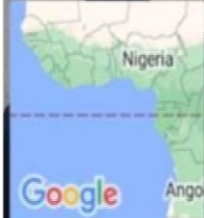

Name of Activity : One Day Workshop for Yoga & Human Health
Venue : Department of Fashion Technology and Home Science
Date : 22 August, 2022
Organized by : Department of Fashion Technology and Home Science
Name of Faculty : Gurpreet Singh (DPE, Govt., High School Jharon (Sangrur))
Participated by : Student of B. Voc FT, B. Voc GD and M.Sc. FT
Objective : The main purpose of this Workshop is to provide knowledge to Students about yoga, which is to foster harmony in the body, mind, and environment. Yoga professes a complete system of physical, mental, social and spiritual development.

Outcome of Activity :

- The students will be able to demonstrate proficiency at the poses covered in class.
- The students will increase their Dynamic flexibility.
- The students will perform proper Breathing Technique.

Name of Activity : Workshop on Hand made Cotton Bags
Date : 23- 25 August, 2022
Venue : Department of Fashion Technology and Home Science
Name of Faculty : Assistant Professor Neelam Rani
Participants : Students of M.Sc. Fashion Technology 1st and 2nd year
Objective of activity : The primary objective of the workshop on Hand made Cotton Bags is to equip students with practical and entrepreneurial skills, fostering creativity, design aptitude, and an understanding of sustainable manufacturing.

Impact of Activity : Cotton bags require more material and more energy to create than a plastic shopping bag. However, you must consider how often cotton bags and plastic bags are used. According to a UK government report, to be more eco-friendly than a plastic bag, a cotton bag would have to be used many times.

Name of Activity : Painting Workshop

Date : 25-28 August, 2022

Venue : Textile Lab

Organized by : Department of Fashion Technology

Name of Faculty : Sarbjot Kaur, Student of M.Sc. FT 2nd Year

Participated by : Student of B. Voc FT, B. Voc GD and M. Sc FT

Objective : To create skill of fabric painting, develop creativity, learn techniques of fabric painting, self-employment

Outcome of Activity : Students got practical based skills and knowledge about free hand Painting, stencil painting, block painting and tie & die.

Name of Activity : Cutting & Tailoring Workshop

Date : 21- 22 November, 2022

Venue : Garment Lab

Organized by : Department of Fashion Technology

Name of Faculty : Mukader, Alumni student of Fashion Department

Participated by : Student of B. Voc FT, B. Voc GD and M.Sc. FT

Objective : To create skill of fabric cutting, develop creativity and learn techniques of fabric cutting and stitching.

Outcome of Activity : Students got practical based skills and knowledge about Cutting & Tailoring

Name of Activity : Stencil Painting Workshop
Date : 24 November, 2022
Venue : Textile Lab
Organized by : Department of Fashion Technology
Name of Faculty : Prof. Maninder Kaur
Participated by : Student of B. Voc FT, B. Voc GD and M.Sc. FT
Objective : To create skill of fabric painting, develop creativity and learn techniques of fabric painting.
Outcome of Activity : Students got practical based skills and knowledge about stencil Painting.

Name of Activity : One day Workshop on Tie & Dye
Date : 25 November, 2022
Venue : Home Science Lab
Organized by : Department of Fashion Technology in Collaboration with Women Empowerment Cell
Name of Faculty : Prof. Neelam Rani
Participated by : Student of Fashion Technology and Commerce

Description : Students learn colorful, trendy tie and dye art from experts in one day Workshop. This workshop was conducted for students to give them the idea about the different types of tying and dying techniques to obtain the patterns that are trending in market now. During the Workshop, Asst. Prof. Neelam (Department of Fashion Technology) gave demonstration on various techniques of Tie and Dye like Bandhani ,Ikat ,Shibori and other patterns and methods which are used to make Kurtas , Dupatta ,Sarees ,T-shirts ,Skirts and other Beautiful garments .

Objective : To create skill of Dying, develop creativity and learn techniques of Dying.

Outcome of Activity : Students got practical based skills and knowledge about Tie & Dye

Name of Activity : One day Workshop on Hand Bag Making on Canvas

Date : 09-02-2023

Venue : Textile Lab

Organized by : PG Department of Fashion Technology

Name of Faculty : Ramandeep Kaur, Student of B.Voc Fashion Technology 3rd year

Participated by : Student of Department of Fashion Technology

Objective : To create skill of embroidery on canvas, develop creative designs on canvas.

Workshop on Soil and Water testing

Department of Agriculture, in collaboration with the Department of Science, conducted an informative workshop on soil and water testing. Participants gained valuable insights into sustainable agriculture practices and resource management, enhancing their understanding of soil and water quality.

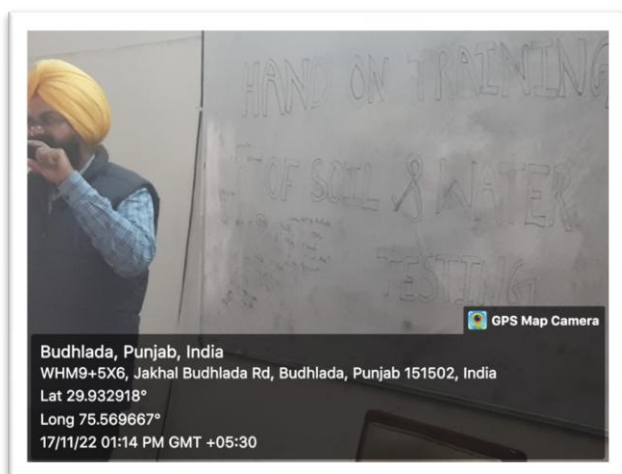

Resource persons: Dr Jatinder Singh (Head, Department of Science)

Er. Dilip Kumar Ojha (Assistant professor, Department of Agriculture)

Ms Bhupinder kaur (Assistant Professor, Department of Chemistry)
